Date: 08-03-2021

Sub: Ease of Doing Business - Mandating the use of Central
Inspection system.

Karnataka's industrial growth is guided by transparent procedures and sectoral policies that provide extensive support for new industries and entrepreneurs. One of the areas that the state shall emphasise is to synchronize all the compliance-based inspection services under one umbrella.

To achieve the objective, a Central Inspection System (CIS) has been developed by Karnataka Udyog Mitra, Department of Industries and Commerce. The Central Inspection System module is hosted on the State single window - ebiz portal (<http://kumcis.azurewebsites.net/>) for the following four departments:

1. Department of Factories, Boilers, Industrial Safety and Health
2. Labour Department
3. Karnataka State Pollution Control Board and
4. Legal Metrology Department

The above departments are instructed to issue a separate GO/Notification, mandating that all inspection procedure through Central Inspection System only. Also, departments to share the entire database of industry, inspection division/ zoning/circle mapping with inspector list and third party empanelled inspection

entities and other requisite details required for completion of integration and for scheduling of inspections.

The complete Central inspection System should be operationalised by 22.3.2021.

With regards,

Yours

(P. Ravi Kumar)
